

Strivings

Striving and seeking for success

A fearful resistance to failure

Fear breeds wrong action

Never leads to successful living

Success without failure -- a dream

Both are steps on life's path

Successful strivings bring nothing

Only an illusion of success

Impending failure may loom darkly

It is only one step in life's journey

Fear and resistance bring pause

Thru acceptance, the journey goes on

Success encountered upon the path

Neither to be shunned, nor celebrated

Accepted, the journey continues

Another step taken along

The Way.
