

David's Seasoned Potatoes

Quarter one pound of small yellow Dutch potatoes and place in a microwave dish with a lid. Add 2 or 3 tablespoons of olive oil or melted butter and turn potatoes until coated. Add one tablespoon of Italian or Greek seasoning blend and turn potatoes until coated. Add salt and pepper to taste. Place in a microwave on high for five minutes. Take dish out and turn potatoes and repeat for another five minutes. Test for tenderness. If potatoes aren't done repeat in five minute intervals until they are tender. Alternatively, place in a conventional oven for 45 minutes to an hour baking the potatoes at 400 degrees.
